Profile

Full Stack Developer with 7 months of industry experience at TOP NEPAL INTERNATIONAL, progressing from MERN & Next.js Intern to Junior Developer. Experienced in building and maintaining production-level applications using MongoDB, Prisma ORM, Express.js, React, and Next.js. Skilled in REST API development, authentication systems (JWT, NextAuth), and admin dashboard architecture. Strong collaborator in small development teams with hands-on experience in debugging and improving deployed applications.

Technical Skills and Abilities

Frontend:

React.js, Next.js, JavaScript (ES6+), HTML5, CSS3, SASS, Tailwind CSS

Backend:

Node.js, Express.js, REST API Development

Database & ORM:

MongoDB, MySQL, Prisma ORM

Authentication & Tools:

JWT, NextAuth.js, Git, GitHub, GitLab

Experience

TOP NEPAL INTERNATIONAL — Sukedhara, Kathmandu

Junior Full Stack Developer

August 2025 – December 2025

- Developed and maintained full-stack web applications using MERN stack and Next.js.
- Built scalable RESTful APIs using Node.js and Express.
- Integrated MongoDB and MySQL databases using Prisma ORM.
- Implemented authentication and role-based access control.
- Optimized application performance and improved backend response time.
- Collaborated with team members using Git version control and Agile workflow.
- Contributed to deployment and production debugging.
- Participated in feature planning, code reviews, and technical discussions.

TOP NEPAL INTERNATIONAL — Sokedhara, Kathmandu

MERN & Next.js Intern

June 2025 – August 2025

- Assisted in developing responsive frontend interfaces using React and Next.js.
- Built CRUD functionalities for admin dashboards and management systems.
- Developed backend routes and API endpoints under senior supervision.
- Worked with MongoDB for data modeling and query optimization.
- Gained hands-on experience in full project lifecycle from development to deployment.
- Contributed to debugging, testing, and code refactoring.

Education

B.Sc. (Hons) Computer Science (Sep 2023 – Ongoing)

Herald College, Kathmandu

+2 in Management (with Basic Math & Computer Science) (Oct 2021 – Aug 2023)

Global College of Management, Kathmandu

Secondary Education Examination (SEE) (Aug 2021)

Galaxy Public School, Kathmandu

Projects

- E-Commerce App (MERN) ○ Tech used: MongoDB, Express JS, React JS, Node JS
 - About: Designed and developed a simple e-commerce platform supporting full CRUD operations for products. Implemented user-friendly UI, RESTful APIs, and backend routes for product creation, editing, and deletion.
- NepNews – A news posting website (MERN)
 - Tech used: MongoDB, Express JS, React JS, Node JS
 - About: Built a full-stack news sharing and reading web application. Implemented user authentication, post creation, reading, and deletion features. Focused on backend API development and data management with MongoDB.
- Contributed to a government-based web application (details under NDA).
