Profile

Motivated and dedicated MERN stack developer with a solid foundation in full-stack web development. Skilled in building dynamic, responsive applications using MongoDB, Express.js, React, Node.js, and Next.js. Experienced with Prisma for efficient, type-safe database management with SQL. Adept at solving problems, writing clean and maintainable code, and collaborating in team environments. Actively building projects to expand practical knowledge and eager to contribute meaningfully in a professional setting.
